Sir:

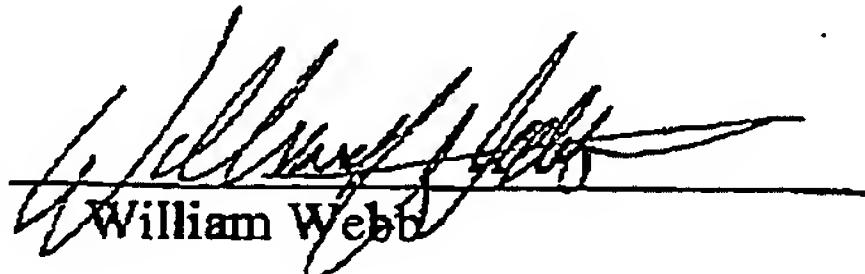

I, William Webb, state and declare that:

2. I understand that in an Office Action dated December 08, 2004, Claims 1-30 were rejected as being unpatentable.
3. I understand that the rejection of Claims 1-30 was based on the use of U.S. Patent Application Publication No. 2002/0072395 (attached as Exhibit A) to Miramontes, entitled "Telephone with Fold Out Keyboard" (hereinafter "Miramontes").
4. I understand based on the information provided on the front page of Miramontes that Miramontes has a filing date of September 28, 2001, and claiming priority to provisional application No. 60/265,667 (attached as Exhibit B) filed on February 02, 2001 and to provisional application No. 60,251,763 filed on December 08, 2000 (attached as Exhibit C).

  - a) A copy of an electronic mail message (Exhibit D) dated December 12, 2000 from Senior Patent Attorney Henry Ohab of Palm, Inc. to Alistair Chan of Foley & Lardner LLP. The message had attached an Invention Disclosure Form (Exhibit E) describing some of the subject matter of the '378 application.
  - b) A copy of the Invention Disclosure Form referred to in a).
  - c) A copy of an electronic mail message (Exhibit F) dated January 02, 2001 from Senior Patent Attorney Henry Ohab of Palm, Inc. to Alistair Chan of Foley & Lardner LLP (among others).   - d) A copy of the Invention Disclosure Form referred to in c) describing the subject matter of the '378 application and indicating a date of conception of December 18, 2000.
7. Based on the documents provided herewith and my best recollection, the conception of the ideas set forth in Claims 1, 15, and 27 of the '378 application took place at least by December 18, 2000, which is before the February 2, 2001 filing date of provisional patent application No. 60/251,763 which discloses subject matter alleged to be similar to the subject matter of Claims 1-30.
8. Based on the documents provided herewith and my best recollection, coinventors Alan C. Urban, Rich Gioscia, Lawrence Lam, David Northway and myself, conceived of other aspects of the invention recited in claims 2-14, 16-26, and 28-30
9. I hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are true, and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the patent application or any patent issuing therefrom.
